About this guide

This document lists every topic your child covers in KidsPortal's Tamil subject, grade by grade, so you can see exactly what is being taught and when. Tamil runs on a Heritage track — for children who already hear Tamil at home — benchmarked to Sri Lanka's NIE first-language Tamil syllabus and Tamil Nadu's Samacheer Kalvi / TNSCERT curriculum, and also checked against Ennum Ezhuthum early-literacy goals, CBSE Tamil and Malaysia's Tamil-medium primary curriculum (SJK(T) / KSSR-DSKP). Lessons and questions are written and taught in Tamil script throughout, not translated from English. These alignment notes describe the learning stage and skill focus each region's curriculum shares with that grade, not a word-for-word copy of any single official textbook.

Every topic below is a real, live lesson on KidsPortal — this snapshot lists what your child actually covers, grade by grade. The curriculum is organised into four learning bands (Seedlings, Explorers, Navigators, Pathfinders) that group related skills together regardless of age, so a lesson always matches what your child is ready for. For the most current version, use the interactive curriculum browser on the Curriculum page — this PDF is a point-in-time copy.

20. Silapathikaram: Characters & Themes
21. Style and Register Review
22. Persuasive Essay Writing

HOW THIS ALIGNS WITH REAL-WORLD CURRICULA

Tholkappiyam is Tamil Nadu's classical grammar treatise, usually introduced at Std 9-10. The Tamil Diaspora unit reflects how Malaysia's SJK(T) schools and other diaspora communities frame Tamil as a heritage language once it is no longer the medium of instruction. This is our Pathfinders band, on the Heritage track, preparing for G.C.E. O-Level Tamil (Sri Lanka) and SSLC / CBSE Tamil (India) standard.

“analyse a classical Tamil text”

“compare Sri Lankan and Indian Tamil writers”

“write at exam level”
